

[For Immediate Release]

**ChinaAMC (HK) and RHB Group Asset Management launch  
China A-shares Shariah compliant fund in Malaysia**

(Hong Kong, 16 November 2018) – China Asset Management (Hong Kong) Limited (“ChinaAMC(HK)”) is pleased to announce the launch of its first Shariah-compliant China fund (“the Fund”) in collaboration with RHB Group Asset Management (“RHBGAM”), a wholly-owned subsidiary of RHB Investment Bank Berhad (“RHBIB”) in Malaysia.

Recognising the market for Islamic finance is growing rapidly and the increasing demand for China investments in the Islamic world, the partnership combines ChinaAMC(HK)’s China investment strengths and RHBGAM’s Shariah capabilities to provide investors a broader hunting ground to capitalise on the opportunities available in China. RHBGAM offers both conventional and Islamic products with asset under management (AUM) of RM49.2 billion (USD11.9 billion) as at 30 September 2018.

The Fund is aimed at harvesting returns from a diversified portfolio of Shariah-compliant China equities consisting primarily of China A-shares, China H-shares, Islamic real-estate investment trusts (REITs), Islamic exchange traded funds (ETFs) and Shariah-compliant equity-related securities. The Fund will also invest in Islamic liquid assets such as Islamic money market instruments, Islamic deposits with financial institutions and Islamic collective investment schemes.

The Fund will be advised by Raymond Jing, Portfolio Manager, ChinaAMC(HK). Raymond has multiple years of investment and research experience in China A-share market with solid track record in managing China A-Share portfolios and demonstrated outstanding performance.

**Raymond Jing, Portfolio Manager of ChinaAMC (HK) said,** “China A-shares is a market with deep alpha. ChinaAMC has 20 years of investment experience specialising in the A-shares market. We understand the market from top down and bottom up, which enables us to deliver leading investment value to our investors. The current valuation of China equities has reached a historical low level, which is very tempting especially for some of the sector leaders with strong year-on-year EPS growth. Together with the ongoing inclusion of A-shares into global indices, it presents various opportunities and good timing for investors. By combining our A-share expertise with RHBAM’s Shariah capability, we aim to capture these opportunities for investors in Malaysia as well as in the Southeast Asia.”.

Investing involves risk, including possible loss of principal. Investment in emerging market countries may involve heightened risks such as increased volatility and lower trading volume, and may be subject to a greater risk of loss than investment in a developed country. Please carefully consider the Fund's investment objectives, risk factors, and charges and expenses before investing. Please read the prospectus carefully before investing.
