CHINAAMC ESG OFC

REPORT OF THE MANAGER TO THE SHAREHOLDERS

2023 saw some cool-down in market sentiment around Environmental, Social, and Governance (ESG) concepts. This decline was reflected in several aspects of the financial markets, including a slight dip in the issuance of ESG bonds compared to previous years, as well as slowdown in inflows of ESG funds. Despite these temporary setbacks, the long-term investment prospects for ESG-related assets remain promising. One of the key drivers is the increasing recognition of the importance of sustainability and responsible investing by both governments and corporations across various industries and sectors. As more companies and organizations take steps to enhance their ESG practices, this growing acceptance of ESG principles paves the way for the long-term performance for ESG assets. Looking ahead to 2024, it is anticipated that this year could provide a favorable backdrop for ESG assets, which offer defensive qualities during challenging market conditions.

China Asset Management (Hong Kong) Limited
23 April 2024

CHINAAMC ESG OFC

REPORT OF THE CUSTODIAN TO THE SHAREHOLDERS

We hereby confirm that, in our opinion, China Asset Management (Hong Kong) Limited, the Manager of the ChinaAMC ESG OFC (the “Company”) has, in all material respects, managed the Company, in accordance with the provision of the OFC’s Instrument of Incorporation dated 1 November 2022.

For the period from 1 November 2022 (date of incorporation) to 31 December 2023 then ended:

- ChinaAMC ESG OFC

For the period from 9 February 2023 (date of commencement of operations) to 31 December 2023 then ended:

- ChinaAMC Asia ESG Bond Fund

CHINAAMC ESG OFC

INDEPENDENT AUDITOR'S REPORT

To the shareholders of ChinaAMC ESG OFC (the “Company”) and ChinaAMC Asia ESG Bond Fund (the “Sub-Fund”) of the Company

Report on the audit of the financial statements

Opinion

We have audited the financial statements of ChinaAMC ESG OFC (the “Company”) for the period from 1 November 2022 (date of incorporation) to 31 December 2023 and its sub-fund, namely ChinaAMC Asia ESG Bond Fund (the “Sub-Fund”) for the period from 9 February 2023 (date of commencement of operations) to 31 December 2023 set out on pages 8 to 34, which comprise the statement of financial position of the Company and the Sub-Fund as at 31 December 2023, and the statement of profit or loss and other comprehensive income, the statement of changes in net assets attributable to shareholders of the Company and the Sub-Fund and the statement of cash flows of the Company and the Sub-Fund for the period then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the financial statements give a true and fair view of the financial position of the Company and the Sub-Fund as at 31 December 2023, and of their financial performance and cash flows for the relevant period then ended in accordance with International Financial Reporting Standards (“IFRSs”) issued by the International Accounting Standards Board (“IASB”).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (“ISAs”). Our responsibilities under those standards are further described in the *Auditor’s responsibilities for the audit of the financial statements* section of our report. We are independent of The Company and the Sub-Fund in accordance with the *Code of Ethics for Professional Accountants* (“the Code”), issued by the Hong Kong Institute of Certified Public Accountants, and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and Auditor’s Report Thereon

The Manager and Directors of the Company are responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our auditor’s report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

CHINAAMC ESG OFC

INDEPENDENT AUDITOR'S REPORT (continued)

To the shareholders of ChinaAMC ESG OFC (the “Company”) and ChinaAMC Asia ESG Bond Fund (the “Sub-Fund”) of the Company

Report on the audit of the financial statements (continued)

Responsibilities of the Manager and Directors and Those Charged with Governance for the Financial Statements

The Manager and the Directors are responsible for the preparation of the financial statements that give a true and fair view in accordance with IFRSs issued by IASB, and for such internal control as the Manager and the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Manager and the Directors are responsible for assessing the ability of the Company and the Sub-Funds to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager and the Directors either intend to liquidate the Company and the Sub-Funds or to cease operations, or have no realistic alternative but to do so.

In addition, the Manager and the Directors are required to ensure that the financial statements have been properly prepared in accordance with the relevant disclosure provisions of the instrument of incorporation of the Company and the Sub-Funds dated 1 November 2023 and 9 February 2023 respectively, Part 7 of the Securities and Futures (Open-ended Fund Companies) Rules (“OFC Rules”), Appendix E of the Code on Unit Trusts and Mutual Funds (“UT Code”) and Chapter 9 of the Code on Open-Ended Fund Companies (“OFC Code”) issued by the Hong Kong Securities and Futures Commission.

Those charged with governance are responsible for overseeing the financial reporting process of the Company and the Sub-Fund.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Our report is made solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. In addition, we are required to assess whether the financial statements of the Company and the Sub-Funds have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the instrument of incorporation of the Company and the Sub-Funds, Part 7 of the OFC Rules, Appendix E of the UT Code and Chapter 9 of the OFC Code.

CHINAAMC ESG OFC

INDEPENDENT AUDITOR'S REPORT (continued)

To the shareholders of ChinaAMC ESG OFC (the “Company”) and ChinaAMC Asia ESG Bond Fund (the “Sub-Fund”) of the Company

Auditor's responsibilities for the audit of the financial statements (continued)

Report on the audit of the financial statements (continued)

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Company and the Sub-Fund.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager and the Directors.
- Conclude on the appropriateness of the Manager's and the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on ability of the Company and the Sub-Fund to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and the Sub-Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Manager and the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

CHINAAMC ESG OFC

INDEPENDENT AUDITOR'S REPORT (continued)

To the shareholders of ChinaAMC ESG OFC (the “Company”) and ChinaAMC Asia ESG Bond Fund (the “Sub-Fund”) of the Company

Report on matters under the relevant disclosure provisions of the Instrument of Incorporation of the Company and the Sub-Fund, Part 7 of the OFC Rules, Appendix E of the UT Code and Chapter 9 of the OFC Code

In our opinion, the financial statements have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the Instrument of Incorporation of the Company and the Sub-Fund, Part 7 of the OFC Rules, Appendix E of the UT Code and Chapter 9 of the OFC Code.

CHINAAMC ASIA ESG BOND FUND
(a Sub-Fund of ChinaAMC ESG OFC)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2023

1. GENERAL INFORMATION

ChinaAMC ESG OFC (the “Company”) is a public umbrella open-ended fund company with variable capital and limited liability, which was incorporated in Hong Kong under the Securities and Futures Ordinance of Hong Kong (the “SFO”) on 1 November 2022. The Company is constituted by way of its Instrument filed to the Companies Registry of Hong Kong on, and effective as of, 1 November 2022. The Company is an Open-ended Fund Company that is a body corporate upon which the Sub-Fund is launched and it owns no economic or legal interests in the Sub-Fund.

As of 31 December 2023, the Company has one sub-fund, ChinaAMC Asia ESG Bond Fund (the “Sub-Fund”), which is authorised by the Securities and Futures Commission of Hong Kong (the “SFC”) pursuant to section 104(1) of the SFO.

The Company is registered with the Securities and Futures Commission of Hong Kong (the “SFC”) as an open-ended fund company under Section 112D of the SFO. The Company is authorised as a collective investment scheme by the SFC under Section 104 of the SFO and the Sub-Fund falls within Chapter 8.6 of the Unit Trusts and Mutual Funds (the “SFC Code”) issued by the SFC.

ChinaAMC Asia ESG Bond Fund

The Sub-Fund aims to maximise income with investment consistent with the principles of environmental, social and governance (“ESG”) and a focus in the Asia region.

There can be no assurance that the Sub-Fund will achieve its investment objective.

The Sub-Fund seeks to achieve its investment objective by investing (a) at least 70% of its Net Asset Value (“NAV”) in fixed income and debt instruments issued or guaranteed by issuers domiciled in, or exercising the principal part of their economic activities in, the Asia region; and (b) at least 70% of its NAV in fixed income and debt instruments which have entered the Manager’s proprietary ESG bond pool (the “Bond Pool”) built based on a number of ESG selection criteria.

Fixed income and debt instruments may include, but are not limited to, corporate bonds, convertible bonds, preferred shares, and/or bonds issued or guaranteed by listed or unlisted corporations, financial institutions, government and/or government related entities.

CHINAAMC ASIA ESG BOND FUND

(a Sub-Fund of ChinaAMC ESG OFC)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2023

2. ACCOUNTING POLICIES

2.1. BASIS OF PREPARATION

The financial statements of the Sub-Fund have been prepared in accordance with International Financial Reporting Standards (“IFRSs”) issued by the International Accounting Standards Board (“IASB”), and interpretations issued by the International Financial Reporting Interpretations Committee of the IASB and the relevant disclosure provisions of the Trust Deed and the relevant disclosure provisions specified in Appendix E of the Code on Unit Trusts and Mutual Funds of the SFC (the “SFC Code”).

The financial statements have been prepared under the historical cost basis, except for financial assets classified at fair value through profit or loss (“FVPL”) that have been measured at fair value. The financial statements are presented in United States Dollars (“USD”) and all values are rounded to the nearest USD except where otherwise indicated.

These financial statements relate to the Company and the Sub-Fund.

2.2. ISSUED BUT NOT YET EFFECTIVE INTERNATIONAL FINANCIAL REPORTING STANDARDS

There are no new and amended standards and interpretations that are issued, but not yet effective, as of issuance date of the Company and the Sub-Fund’s financial statements that are expected to have material impact on the Company and the Sub-Fund’s financial statements.

2.3. MATERIAL ACCOUNTING POLICIES

Financial instruments

(a) Classification

In accordance with IFRS 9, the Company and the Sub-Fund classifies its financial assets and financial liabilities at initial recognition into the categories of financial assets and financial liabilities discussed below.

In applying that classification, a financial asset or financial liability is considered to be held for trading if:

- It is acquired or incurred principally for the purpose of selling or repurchasing in the near term; or
- On initial recognition, it is part of a portfolio of identified financial instruments that are managed together and for which there is evidence of a recent actual pattern of short-term profit-taking; or
- It is a derivative (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument).

CHINAAMC ASIA ESG BOND FUND
(a Sub-Fund of ChinaAMC ESG OFC)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2023

2.3. MATERIAL ACCOUNTING POLICIES (continued)

Financial instruments (continued)

(a) Classification (continued)

Financial assets

The Company and the Sub-Fund classifies its financial assets as subsequently measured at amortised cost or measured at fair value through profit or loss ("FVPL") on the basis of both:

- The entity's business model for managing the financial assets; and
- The contractual cash flow characteristics of the financial asset.

Financial assets measured at amortised cost

A debt instrument is measured at amortised cost if it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest ("SPPI") on the principal amount outstanding. The assets include in this category are amounts relating to interest receivables, amount due from the Manager, amount due from a broker and cash and cash equivalents.

Financial assets measured at FVPL

A financial asset is measured at FVPL if:

- Its contractual terms do not give rise to cash flows on specified dates that are SPPI on the principal amount outstanding; or
- It is not held within a business model whose objective is either to collect contractual cash flows, or to both collect contractual cash flows and sell; or
- At initial recognition, it is irrevocably designated as measured at FVPL when doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognising the respective gains and losses on different bases.

Financial liabilities

Financial liabilities measured at FVPL

A financial liability is measured at FVPL if it meets the definition of held for trading.

Financial liabilities measured at amortised cost

This category includes all financial liabilities, other than those measured at fair value through profit or loss. The liabilities include in this category are amounts relating to management fee payable, administration fees payable and other payables.

(b) Recognition

The Company and the Sub-Fund recognised financial asset or a financial liability on the date when it becomes a party to the contractual provisions of the instrument.

A regular way purchase of financial assets is recognised using trade date accounting. From this date, any gains and losses arising from changes in fair value of the financial assets or financial liabilities are recorded.

CHINAAMC ASIA ESG BOND FUND
(a Sub-Fund of ChinaAMC ESG OFC)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2023

2.3. MATERIAL ACCOUNTING POLICIES (continued)

Financial instruments (continued)

(c) Measurement

Financial instruments are measured initially at fair value (transaction price). Transaction costs on financial instruments designated at fair value through profit or loss are expensed immediately, while on other financial instruments, they are amortised.

Subsequent to initial recognition, all financial instruments are measured at fair value with changes in the fair value recognised in profit or loss.

Financial assets classified as loans and receivables are carried at amortised cost using the effective interest rate method, less impairment losses, if any.

Financial liabilities are measured at amortised cost using the effective interest rate.

(d) Fair value measurement

The Company and the Sub-Fund measures its investments at fair value at the end of each reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company and the Sub-Fund uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is observable, either directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company and the Sub-Fund determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

CHINAAMC ASIA ESG BOND FUND
(a Sub-Fund of ChinaAMC ESG OFC)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2023

2.3. MATERIAL ACCOUNTING POLICIES (continued)

Financial instruments (continued)

(e) Derecognition

The Company and the Sub-Fund derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition in accordance with IFRS 9.

The Company and the Sub-Fund uses the weighted average method to determine realised gains and losses on derecognition.

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expired.

Impairment of financial assets

The Company and the Sub-Fund holds only receivables with no financing component and which have maturities of less than 12 months at amortised cost and, as such, has chosen to apply an approach similar to the simplified approach for expected credit losses (“ECLs”) under IFRS 9 to all of its trade receivables. Therefore, the Company and the Sub-Fund does not track changes in credit risk, but instead recognised a loss allowance based on lifetime ECLs at each reporting date.

The Company and the Sub-Fund’s approach to ECLs reflects a probability-weighted outcome, the time value of money and reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount reported in the statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the asset and settle the liability simultaneously. This is generally not the case with master netting agreements unless one party to the agreement defaults and the related assets and liabilities are presented gross in the statement of financial position.

Functional and presentation currency

The Company and the Sub-Fund’s functional currency is USD, which is the currency of the primary economic environment in which it operates. The Sub-Fund’s performance is evaluated and its liquidity is managed in USD. Moreover, the net asset value per unit at the time of issue or redemption is determined and denominated in USD.

Therefore, the USD is considered as the currency that most faithfully represents the economic effects of the underlying transactions, events and conditions. The Company and the Sub-Fund’s presentation currency is also USD.

CHINAAMC ASIA ESG BOND FUND
(a Sub-Fund of ChinaAMC ESG OFC)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2023

2.3. MATERIAL ACCOUNTING POLICIES (continued)

Foreign currency translation

Transactions in foreign currencies are translated at foreign currency exchange rates ruling at the dates of transactions. Monetary assets and liabilities denominated in foreign currencies are translated to USD at the foreign currency closing exchange rate ruling at the end of the reporting period. Foreign currency exchange differences arising on translation and realised gains and losses on disposals or settlements of monetary assets and liabilities are recognised in profit or loss.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are translated to USD at the foreign currency exchange rates ruling at the dates that the values were determined. Foreign currency exchange differences relating to trading investments are included in gains and losses on investments. All other foreign currency exchange differences relating to monetary items, including cash and cash equivalents, are presented separately in the statement of profit or loss and other comprehensive income.

Cash and cash equivalents

Cash and cash equivalents in the statement of financial position comprise cash on hand and at bank, and short-term highly liquid deposits with a maturity of generally within three months that are readily convertible into known amounts of cash, subject to an insignificant risk of changes in value and held for the purpose of meeting short-term cash commitments.

For the purpose of the statement of cash flows, cash and cash equivalents comprise cash on hand and at banks, and short-term deposits as defined above, less bank overdrafts which are repayable on demand and from an integral part of the Company and the Sub-fund cash management.

Interest income

Interest income is recognised in profit or loss on a time-proportionate basis using the effective interest method.

Net change in unrealised gains or losses on financial assets at fair value through profit or loss

This item includes changes in the fair value of financial assets as at fair value through profit or loss and excludes interest income and interest expense.

Unrealised gains and losses comprise changes in the fair value of financial instruments for the period and from reversal of prior period's unrealised gains and losses for financial instruments which were realised in the reporting period.

Net realised gains or losses on disposal of financial asset at fair value through profit or loss

Net realised gains or losses on disposal of financial assets classified as at fair value through profit or loss are calculated using the weighted average method. They represent the difference between an instrument's average cost and disposal amount.

Expenses

All expenses, including management fees are recognised in profit or loss on an accrual basis.

CHINAAMC ASIA ESG BOND FUND

(a Sub-Fund of ChinaAMC ESG OFC)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2023

2.3. MATERIAL ACCOUNTING POLICIES (continued)

Foreign exchange gains and losses

Foreign exchange gains and losses on financial instruments designated at fair value through profit or loss are recognised together with other changes in the fair value. Included in the statement of profit or loss and other comprehensive income, net foreign exchange gains/(losses) are foreign exchange gains and losses on monetary financial assets and financial liabilities other than those classified as designated at fair value through profit or loss.

Taxation

No provision for Hong Kong Profits Tax has been made in the financial statements as the income of the Company and the Sub-Fund is exempt from taxation under section 26A(1A) of the Hong Kong Inland Revenue Ordinance.

Redeemable shares

Redeemable shares are classified as an equity instrument when:

- (i) the redeemable shares entitle the holder to a pro-rata share of the Sub-Fund's net assets in the event of the Sub-Fund's liquidation.
- (ii) the redeemable shares are in the class of instruments that is subordinate to all other classes of instruments.
- (iii) all redeemable shares in the class of instruments that is subordinate to all other classes of instruments have identical features.
- (iv) the redeemable shares do not include any contractual obligation to deliver cash or another financial asset other than the holder's rights to a pro-rata share of the Sub-Fund's net assets.
- (v) the total expected cash flows attributable to the redeemable shares over the life of the instrument are based substantially on profit or loss, the change in the recognised net assets or the change in the fair value of the recognised and unrecognised net assets of the Sub-Fund over the life of the instrument.

In addition to the redeemable shares having all the above features, the Sub-Fund must have no other financial instrument or contract that have:

- (i) total cash flows based substantially on profit or loss, the change in the recognised net assets or the change in the fair value of the recognised and unrecognised net assets of the Sub-Fund; and
- (ii) the effect of substantially restricting or fixing the residual return to the redeemable shareholders.

The Sub-Fund's redeemable shares meet the definition of puttable instruments classified as equity instruments under the revised IAS 32 and are classified as equity.

CHINAAMC ASIA ESG BOND FUND
(a Sub-Fund of ChinaAMC ESG OFC)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2023

2.3 MATERIAL ACCOUNTING POLICIES (continued)

Redeemable shares (continued)

The Sub-Fund continuously assesses the classification of the redeemable shares. If the redeemable shares cease to have all the features or meet all the conditions set out to be classified as equity, the Sub-Fund will reclassify them as financial liabilities and measure them at fair value at the date of reclassification, with any differences from the previous carrying amount recognised in equity. If the redeemable shares subsequently have all the features and meet the conditions to be classified as equity, the Sub-Fund will reclassify them as equity instruments and measure them at the carrying amount of the liabilities at the date of the reclassification.

The Sub-Fund's own equity instruments which are reacquired are deducted from equity and accounted for at amounts equal to the consideration paid, including any directly attributable incremental costs.

No gain or loss is recognised in profit or loss on the purchase, sale, issuance or cancellation of the Sub-Fund's own equity instruments.

Redeemable shares can be redeemed in cash equal to a proportionate share of the Sub-Fund's net asset value. The Sub-Fund's NAV per share is calculated by dividing the net assets attributable to shareholders with the total number of outstanding shares of the Sub-Fund.

Related parties

A party is considered to be related to the Company and the Sub-Fund if:

- (a) the party is a person or a close member of that person's family and that person
 - (i) has control or joint control over the Company and the Sub-Fund;
 - (ii) has significant influence over the Company and the Sub-Fund; or
 - (iii) is a member of the key management personnel of the Company and the Sub-Fund or of a parent of the Company and the Sub-Fund;

or

- (b) the party is an entity where any of the following conditions applies:
 - (i) the entity and the Company and the Sub-Fund are members of the same group;
 - (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
 - (iii) the entity and the Company and the Sub-Fund are joint ventures of the same third party;
 - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
 - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Company and the Sub-Fund or an entity related to the Company and the Sub-Fund;
 - (vi) the entity is controlled or jointly controlled by a person identified in (a);
 - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and
 - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Company and the Sub-Fund or to the parent of the Company and the Sub-Fund.

CHINAAMC ASIA ESG BOND FUND
(a Sub-Fund of ChinaAMC ESG OFC)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2023

2.3 MATERIAL ACCOUNTING POLICIES (continued)

Segment reporting

An operating segment is a component of the Company and the Sub-Fund that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company and the Sub-Fund's other components, whose operating results are reviewed regularly by the chief operating decision maker to make decisions about resources allocated to the segment and assess its performance, and for which discrete financial information is available. Segment results that are reported to the chief operating decision maker include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. The chief operating decision maker of the Company and the Sub-Fund is identified as the Manager.

Transactions in foreign currencies are translated at foreign currency exchange rates ruling at the dates of transactions. Monetary assets and liabilities denominated in foreign currencies are translated to USD at the foreign currency closing exchange rate ruling at the end of the reporting period. Foreign currency exchange differences arising on translation and realised gains and losses on disposals or settlements of monetary assets and liabilities are recognised in profit or loss.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are translated to USD at the foreign currency exchange rates ruling at the dates that the values were determined. Foreign currency exchange differences relating to trading investments are included in gains and losses on investments. All other foreign currency exchange differences relating to monetary items, including cash and cash equivalents, are presented separately in the statement of profit or loss and other comprehensive income.

Distributions to shareholders

Distributions are at the discretion of the Manager. A distribution to the Sub-Fund's shareholders is accounted for as a deduction from net assets attributable to shareholders. A proposed distribution is recognised as a liability in the period in which it is approved by the Manager. No distribution will be paid out of the Sub-Fund's capital.

Formation costs

The formation costs are recognised as an expense in the period in which it is incurred.

CHINAAMC ASIA ESG BOND FUND
(a Sub-Fund of ChinaAMC ESG OFC)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2023

3. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The investment objective of the Sub-Fund is to provide investment results that, before fees and expenses, closely correspond to the performance of the Index.

The Sub-Fund is subject to various risks. The main risks associated with the investments, assets and liabilities of the Sub-Fund are set out below:

- (a) Market risk
- (i) *Foreign exchange risk*

Foreign currency risk is the risk that the value of financial assets and liabilities will fluctuate due to changes in foreign exchange rates. The Sub-Fund's overall currency positions are monitored on a daily basis by the Manager. The Sub-Fund holds assets and liabilities denominated in United States dollar.

The table below summarises the Sub-Fund's exposure to key currencies in US\$ terms at the end of the reporting period. Monetary and non-monetary items have been taken into account for the analysis.

31 December 2023

	USD	EUR	CNH	Total
<u>Financial assets</u>

CHINAAMC ASIA ESG BOND FUND
(a Sub-Fund of ChinaAMC ESG OFC)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2023

3. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

(ii) *Interest rate risk*

Interest rate risk is the risk that the value of a financial instrument or future cash flows will fluctuate due to changes in market interest rates.

As the Sub-Fund has invested in debt securities whose values are driven significantly by changes in interest rates, the Sub-Fund is subject to interest rate risk. When interest rates rise, the value of previously acquired debt securities will normally fall because new debt securities acquired will pay a higher rate of interest. In contrast, if interest rates fall, then the value of the previously acquired debt securities will normally rise. The Manager regularly assesses the economic condition and monitors changes in interest rate outlook to control the impact of interest rate risk. In a rising interest rate environment, the Sub-Fund will acquire debts with a shorter maturity profile to minimize the negative impact on the portfolio.

The majority of interest rate exposure arises on investments in debt securities. All of the Sub-Fund's investments in debt securities carry fixed interest rates.

The following table demonstrates the sensitivity of the Sub-Fund's profit for the period ended 31 December 2023 to a reasonably possible change in interest rate, with all other variables held constant.

31 December 2023

	Change in basis points	Increase/(decrease) in sensitivity of change in fair value of investments USD
-Debt securities	50	63,158
	(50)	(63,158)

(b) *Credit and counterparty risk*

Credit risk is the risk that an issuer or counterparty will be unable or unwilling to pay amounts in full when due.

The Sub-Fund's financial assets which are potentially subject to credit risk consist principally of securities and cash and cash equivalents. The Sub-Fund limit their exposure to credit risk by transacting with well-established broker-dealers and banks with high credit ratings.

All transactions in securities are settled or paid for upon delivery using approved and reputable brokers. The risk of default is considered minimal as delivery of securities sold is only made once the broker has received payment. Payment is made on a purchase once the securities have been received by the broker. The trade will fail if either party fails to meet its obligation.

CHINAAMC ASIA ESG BOND FUND
(a Sub-Fund of ChinaAMC ESG OFC)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2023

3. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

(b) Credit and counterparty risk (continued)

As at 31 December 2023, all of the Sub-Fund's financial assets were exposed to credit risk. These include investments and cash and cash equivalents placed with banks and the custodian. All of the Sub-Fund's debt securities have a credit rating are at or above investment grade.

Credit risk is managed by reviewing and monitoring the credit quality of debt securities held by the Sub-Fund or the issuers of the debt securities held by the Sub-Fund on an ongoing basis.

Credit risk arising from transactions with brokers relates to transactions awaiting settlement. Risk relating to unsettled transactions is considered to be small due to the short settlement period involved and the high credit quality of the brokers used.

Credit risk disclosures are segmented into two sections based on whether the underlying financial instrument is subject to IFRS 9's impairment disclosure requirements or not.

Financial assets subject to IFRS 9's impairment requirements

The Sub-Fund's financial assets subject to the ECL model within IFRS 9 are cash and cash equivalents, amount due from the Manager, amount due from broker and interest receivable. As at 31 December 2023, the total amount of these financial assets was USD1,008,196 for the Sub-Fund, for which no loss allowance had been provided. No assets are considered impaired and no amounts have been written off during the period.

For financial assets measured at amortised cost, the Sub-Fund applies the general approach for impairment, there is no information indicating that the financial assets had a significant increase in credit risk since initial recognition. The financial assets therefore are still classified as stage 1 and presented in gross carrying amount.

Financial assets not subject to IFRS 9's impairment requirements

The Sub-Fund is exposed to credit risk on financial assets at FVPL. They are not subject to IFRS 9's impairment requirements as they are measured at FVPL. The carrying value of these assets, under IFRS 9 represents the Sub-Fund's maximum exposure to credit risk on financial instruments not subject to IFRS 9's impairment requirements on the respective reporting dates. Hence, no separate maximum exposure to credit risk disclosure is provided for these instruments.

(c) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in settling a liability, including redemption requests.

CHINAAMC ASIA ESG BOND FUND
(a Sub-Fund of ChinaAMC ESG OFC)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2023

3. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

(c) Liquidity risk (continued)

Liquidity risk is defined as the risk that the Sub-Fund will encounter difficulties in meeting its obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Exposure to liquidity risk arises because of the possibility that the Sub-Fund could be required to pay its liabilities or redeem its shares earlier than expected. The Sub-Fund is exposed to daily cash redemptions of its redeemable shares. Shares are redeemable at the holder's option based on the Sub-Fund's NAV per share at the time of redemption, calculated in accordance with the Sub-Fund's Trust Deed. It is the Sub-Fund's policy that the Manager monitors the Sub-Fund's liquidity position on a daily basis.

The table below summarises the maturity profile of the Sub-Fund's financial assets and liabilities at the end of the reporting period based on contractual undiscounted cash flows in order to provide a complete view of the Sub-Fund's contractual commitments and liquidity.

Financial assets

Analysis of debt securities at fair value through profit or loss into maturity groupings is based on the expected date on which these assets will be realised. For other assets, the analysis into maturity groupings is based on the remaining period from the end of the reporting period to the contractual maturity date or, if earlier, the expected date on which the assets will be realised.

Financial liabilities

The maturity grouping is based on the remaining period from the end of the reporting period to the contractual maturity date. When a counterparty has a choice of when the amount is paid, the liability is allocated to the earliest period in which the Sub-Fund can be required to pay.

<u>31 December 2023</u>	On demand USD	Less than 1 month USD	1 to 3 months USD	3 to 12 months USD	More than 12 months USD	Total USD
<u>Financial assets</u>

CHINAAMC ASIA ESG BOND FUND
(a Sub-Fund of ChinaAMC ESG OFC)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2023

3. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

(c) Liquidity risk (continued)

Financial liabilities

Management fee payable	-	3,159	-	-	-	3,159
Administration fees payable	-	3,057	-	-	-	3,057
Other payables	-	-	-	89,327	-	89,327
Total	-	6,216	-	89,327	-	95,543

(d) Fair value estimation

The fair values of financial assets and liabilities traded in active markets (such as publicly traded derivatives and trading securities) are based on quoted market prices at the close of trading on the period end date. The Sub-Fund use the last traded market prices as its fair valuation inputs for financial assets.

An active market is a market in which transactions for the assets or liabilities take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

IFRS 13 requires the Sub-Fund to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a Level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the assets or liabilities.

The determination of what constitutes "observable" requires significant judgement by the Sub-Fund. The Sub-Fund consider observable data to be the market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant markets.

CHINAAMC ASIA ESG BOND FUND
(a Sub-Fund of ChinaAMC ESG OFC)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2023

3. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

(d) Fair value estimation (continued)

Financial assets carried at fair value

The following table analyses the fair value hierarchy within the Sub-Fund's financial assets measured at fair value as at 31 December 2023:

31 December 2023	Level 1	Level 2	Level 3	Total
	USD	USD	USD	USD
Financial assets at FVPL:				
- Debt securities	-	5,230,216	-	5,230,216

Investments whose values are based on quoted market prices in active markets are classified within Level 1. The Sub-Fund does not adjust the quoted price for these instruments.

Financial instruments that are traded in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within Level 2, include debt securities.

Investments classified within Level 3 have significant unobservable inputs, as they are traded infrequently.

There were no transfers between levels during the period ended 31 December 2023.

Other financial assets and financial liabilities

The management has assessed that the carrying values of cash and cash equivalents, management fee payable and other payables approximate to their fair values largely due to the short term maturities of these instruments.

CHINAAMC ASIA ESG BOND FUND

(a Sub-Fund of ChinaAMC ESG OFC)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2023

3. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

(e) Capital risk management

The Sub-Fund's capital is represented by the net assets attributable to shareholders. The Sub-Fund's objective is to provide investment results that correspond generally to the performance of the Index.

The Manager may:

- redeem and issue new shares in accordance with the constitutive documents of the Sub-Fund;
- exercise discretion when determining the amount of distributions of the Sub-Fund to the shareholders; and
- suspend the creation and redemption of shares under certain circumstances stipulated in the Instrument of Incorporation.

4. NET ASSETS ATTRIBUTABLE TO SHAREHOLDER

(a) Net assets attributable to shareholders

Reconciliation between the Accounting NAV and Dealing NAV

The establishment cost for establishing the Company and the Sub-Fund were approximately USD106,410. According to the prospectus of the Sub-Fund, the establishment cost is amortised over the first 60 months since the launch of the Sub-Fund. However, with respect to the Sub-Fund for the purpose of financial statements preparation in compliance with IFRSs, its accounting policy is to expense the establishment cost in profit or loss as incurred. As of 31 December 2023, the unamortised amount was USD87,047 and the remaining amortisation period is 48 months.

The difference between the Accounting NAV reported in the statement of financial position and the Dealing NAV as at 31 December 2023 is reconciled as set out below:

	2023 USD
Dealing NAV	6,229,916
Adjustment for the establishment cost	<u>(87,047)</u>
Accounting NAV as reported in the statement of financial position	<u><u>6,142,869</u></u>

	Note	2023 USD
Bank balances	(a)	<u>888,163</u>

Note:

- (a) As at 31 December 2023, the interest-bearing bank balances were held with The Hongkong and Shanghai Banking Corporation Limited.

8. RELATED PARTY TRANSACTIONS/TRANSACTIONS WITH THE MANAGER AND THEIR CONNECTED PERSONS

Connected persons of the Custodian and the Manager are those as defined in the SFC Code. All transactions entered into during the year between the Sub-Fund, the Custodian, the Manager and its connected persons were carried out in the normal course of business and on normal commercial terms. To the best of the Manager's knowledge, the Sub-Fund does not have any other transactions with connected persons except for what is disclosed below.

- (a) Expenses borne by the Manager

The product key facts of the Sub-Fund stated that it is the Manager's current intention to cap the ongoing charges of the Sub-Fund at 1.11% of the average net asset value published for the period ended 31 December 2023 ("Average Net Asset Value") per unit of the Sub-Fund; any ongoing charges in excess of such figure as at the end of the reporting period will be borne by the Manager.

The amount of expenses incurred by the Sub-Fund and borne by the Manager for the period ended 31 December 2023 was USD25,055.

As at 31 December 2023, the amount due from the Manager for the above mentioned fee was USD9,036.

CHINAAMC ASIA ESG BOND FUND

(a Sub-Fund of ChinaAMC ESG OFC)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2023

8. RELATED PARTY TRANSACTIONS/TRANSACTIONS WITH THE MANAGER AND THEIR CONNECTED PERSONS (continued)

(b) Management fee

Manager is entitled to a management fee in respect of each Sub-Fund it manages, the maximum amount of which is equal to 3% per annum of the Net Asset Value of the relevant Sub-Fund. Any increase in the management fee in respect of a Sub-Fund (i) up to this maximum level, will only be implemented after giving one month's notice (or such period of notice as the SFC may require) to the affected Shareholders; and (ii) beyond this maximum level, is subject to approval by Special Resolution (as defined in the Instrument) of the affected Shareholders. The management fee will be accrued as at each Valuation Day and will be payable monthly in arrears.

The management fee of USD31,014 was charged to profit or loss during the period. Included in liabilities as at 31 December 2023 were management fees payable of USD3,159.

The management fee payable was arising from the unsettled establishment cost paid by the Manager on behalf of the Sub-Funds offset by the government subsidy to be reimbursed from the Manager.

(c) Fund administration and Custodian fees

The Custodian and the Administrator are entitled to a custodian and administration fee in respect of each Sub-Fund, the maximum amount of which is up to 2% per annum of the NAV of the Sub-Fund and is subject to a minimum fee of USD3,000 per month for fund administration services and waived for first 6 months from launch.

The fund administration and custodian fees for the period ended 31 December 2023 amounted to USD16,615. As at 31 December 2023, the fund administration and custodian fees of USD3,152 were payable to the Custodian.

(d) Registrar fee

The Administrator, acting as the Registrar, is also entitled to receive a registrar fee of USD500 per month from the Sub-Fund for providing services in respect of the establishment and maintenance of the register of Shareholders of the Sub-Fund.

The registrar fee for the period ended 31 December 2023 amounted to USD5,000. As at 31 December 2023, there was no registrar fee were payable to the Registrar.

13. SOFT COMMISSION ARRANGEMENTS

The Manager and/or any company associated with it and its delegates may enter into soft dollar/commission sharing arrangements with a broker through which brokerage transactions are entered on behalf of clients under management. The Manager may receive, and are entitled to retain, research products and services (known as soft dollar benefits) which are of demonstrable benefit to the Sub-Fund (as may be permitted under applicable rules and regulations) from a broker and other persons through whom investment transactions are carried out (the "broker"). Soft dollars may be received from them provided that the quality of transaction execution is consistent with best execution standards and brokerage rates are not in excess of the customary full-service brokerage rates.

Such soft dollar benefits may include research and advisory services; economic and political analysis; portfolio analysis, including valuation and performance measurement; market analysis, data and quotation services and software incidental to the above goods and services; clearing and custodian services and investment related publications. For the avoidance of doubt, soft dollar benefits do not include travel, accommodation, entertainment, general administrative goods and services, general office equipment or premises, membership fees, employee salaries or direct money payments.

For the period ended 31 December 2023, the Manager did not obtain any services through soft commission arrangements and no such commission was paid from the Sub-Fund.

14. EVENTS AFTER THE REPORTING PERIOD

During the period between the period end and the date of authorisation of these financial statements, there were 385,108 units of subscription and 398,466 units of redemption of the Sub-Fund.

15. APPROVAL OF THE FINANCIAL STATEMENTS

The financial statements were approved and authorised for issue by the Manager and the Custodian on 23 April 2024.
