

Investment involves risks, including the loss of principle. Past performance is not indicative of future results. Before investing in the ChinaAMC Ether ETF (the "Fund"), investor should refer to the Fund's prospectus for details, including the risk factors. You should not make investment decision based on the information on this material alone. Please note:

- The Fund aims to provide investment results that, before fees and expenses, closely correspond to the performance of ether, as measured by the performance of the CME CF Ether-Dollar Reference Rate (APAC Variant) (the "Index").
- The Fund is passively managed and falls in the Index may cause falls in the value of the Fund. The Fund is subject to new product risk, new index risk, tracking error risk and trading risk with discount or premium.
- Due to the Fund's direct exposure in ether only, it is subject to concentration risk and risks related to ether, such as ether and ether industry risk, speculative nature risk, unforeseeable risks, extreme price volatility risk, concentration of ownership risk, regulatory risk, fraud, market manipulation and security failure risk, cybersecurity risks, forks risk, risk of illicit use, trading hour difference risk.
- The Fund is subject to risks related to virtual asset trading platform ("VATP"), custody risks and risk relating to the difference between executable price of ether on SFC-licensed VATPs and Index price for cash subscription and redemption.
- Listed and Unlisted Classes are subject to different pricing and dealing arrangements. NAV per Unit of each class may be different due to different fees and cost. Dealing deadlines of each class are different.
- Units of Listed Class are traded in the secondary market on an intraday basis at the prevailing market price, while Units of Unlisted Class are sold through intermediaries based on the dealing day-end NAV. Investors of Unlisted Class could redeem at NAV while investors of Listed Class in the secondary market could only sell at the prevailing market price and may have to exit the Fund at a significant discount. Investors of Unlisted Class may be at an advantage or disadvantage compared to investors of Listed Class.
- The Fund is subject to multi-counter risks.

Please note the above list of risks is not exhaustive, please refer to the Fund's prospectus for details.
