

ChinaAMC Hang Seng Biotech ETF

(Stock Code: 3069 HK/ 9069 HK/ 83069 HK)

Fund Factsheet | As of 31 Mar 2025

Investment involves risks, including the loss of principle. Past performance is not indicative of future results. Before investing in the ChinaAMC Hang Seng Biotech ETF (the "Fund"), investor should refer to the Fund's prospectus for details, including the risk factors. You should not make investment decision based on the information on this material alone. Please note:

- The Fund aims to provide investment result that, before fees and expenses, closely corresponds to the performance of the Hang Seng Biotech Index (the "Index").
- The Fund is passively managed. Falls in the Index are expected to result in corresponding falls in the value of the Fund.
- The Fund's investment in equity securities is subject to general market risks, whose value may fluctuate due to various factors.
- The Index is a new index. The Fund may be riskier than those tracking more established indices with longer operating history.
- The Fund is subject to concentration risks in biotech companies and in a particular geographical region (i.e. Hong Kong and mainland China). The Fund may be more volatile than a broadly-based fund.
- The Fund is exposed to risks associated with characters of biotech companies, such as pre-revenue, incurrence of net current liabilities, lower liquidity, higher volatility, dependency on intellectual property rights or patents, technological changes, increased regulations and intense competition.
- The Fund is subject to securities lending transactions risks, including the risk that the borrower may fail to return the securities in a timely manner.
- The Fund is subject to tracking error risk.
- If any suspension of the inter-counter transfer of units and/or any limitation on the level of services by brokers and CCASS participants occurs, unitholders will only be able to trade their units in one counter. The market price of units traded in each counter may deviate significantly.
- Unitholders will receive distributions in the HKD only. Non HKD based unitholder may have to bear bank or financial institution fees and charges associated with currency conversion.
- The Fund's base currency is HKD but has units traded in USD. Investors may be subject to additional costs or losses associated with foreign currency fluctuations.
- Generally, retail investors can only buy or sell units of the Fund on the SEHK. The trading price of the units on the SEHK is driven by market factors such as the demand and supply of the units. Therefore, the units may trade at a substantial premium or discount to the Fund's NAV.

Investment Objective

The investment objective of the Sub-Fund is to provide investment results that, before fees and expenses, closely correspond to the performance of the Hang Seng Biotech Index.
