Fund Factsheet

As of 31 Mar 2023

37/F, Bank of China Tower, 1 Garden Road, Hong Kong

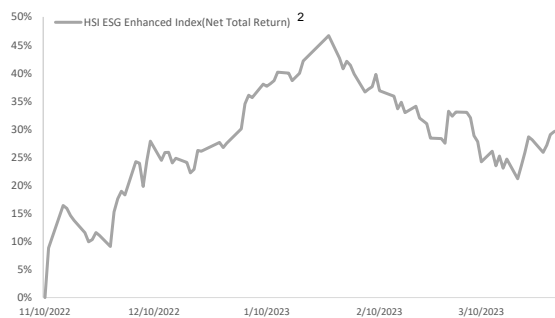

Investment involves risks, including the loss of principle. Past performance is not indicative of future results. Before investing in the ChinaAMC HSI ESG ETF (the "Fund"), investor should refer to the Fund's prospectus for details, including the risk factors. You should not make investment decision based on the information on this material alone. Please note:

- The Fund aims to provide investment result that, before fees and expenses, closely corresponds to the performance of the HSI ESG Enhanced Index (the "Index").
- The Fund is passively managed. Falls in the Index are expected to result in corresponding falls in the value of the Fund.
- The Fund's investment in equity securities is subject to general market risks, whose value may fluctuate due to various factors.
- The Index is a new index. The Fund may be riskier than those tracking more established indices with longer operating history.
- The Fund is subject to concentration risks in a single geographical region (Greater China). The Fund may be more volatile than a broadly-based fund.
- The Fund is subject to risks associated with ESG investing, such as investment performance affected by ESG exclusion criteria, ESG concentration, incomplete and inaccurate ESG data and assessment, lack of standardized ESG taxonomy, etc.
- The Fund is subject to securities lending transactions risks, including the risk that the borrower may fail to return the securities in a timely manner.
- Generally, retail investors can only buy or sell units of the Fund on the SEHK, of which the trading price is driven by market factors such as the demand and supply of the units. Therefore, the units may trade at a substantial premium or discount to the Fund's NAV.
- The Fund is subject to tracking error risk.
- If any suspension of the inter-counter transfer of units and/or any limitation on the level of services by brokers and CCASS participants occurs, unitholders will only be able to trade their units in one counter. The market price of units traded in each counter may deviate significantly.
- Unitholders will receive distributions in the HKD only. Unitholder without HKD account may have to bear the fees and charges associated with currency conversion.
- The Fund may at its discretion pay distribution out of capital or effectively out of capital. Payment of dividends out of capital or effectively out of capital amounts to a return or withdrawal of part of an investor's original investment or from any capital gains attributable to that original investment. Any distributions may result in an immediate reduction in the NAV per Unit of the Fund.
