## CHINAAMC CHINA FOCUS FUND – A SUB-FUND OF CHINAAMC INVESTMENT TRUST

### MANAGER'S REPORT

#### *Market Review*

The one thing that has plunged investors' sentiment toward Asian based assets in 2018 would be the escalation of trade protectionism. Intuitively Asia would be the region that benefit the most from global trade, and vice versa, but China and the US have entered into a 90 day negotiation following the Xi-Trump meeting on December 1. Since then, China has rolled out measures to improve IP protection and to lower import tariffs of US autos from 40% back to 15% starting from 1 January to 1 April 2019, while the USTR postponed the increase of 10% tariff to 25% from 1 January 2019 to 2 March 2019.

We see current valuation of Asian equities have already priced in a lot of risks derived from trade tension and global growth slow down. Today we find many Asian companies with great values and strong dividend generating capability worth to include into the portfolio from a long-term perspective. China A share market was one of the worst performers in 2018. There is continuous deleveraging in financial institutions and in the industries by the Mainland policy makers. Controlling credit expansion caused short-term pain but it is a necessary action to prevent systematic credit bubble and to engineer a soft landed economy, in our view. Trade disputes with the US may have made China's policy direction and choices even more complicated going into 2019, as the "loose fiscal policy" and a "flexible monetary policy" will be in place to deal with the dilemma between global trade uncertainty and Chinese government's intended slowdown in credit growth. On the other hand, from the technical angle of A share market, if a Sino-US trade agreement could be reached in the first quarter of 2019, a short term relieve rally would easily bring A share stock market to be one of the most outperformed markets in the first quarter of 2019.

Looking into 2019, we are cautiously optimistic. The US-China trade conflict is on pause but given the pressure on the US economy and the US markets, we are of the view that both sides will possibly be working very hard to reach a deal before the end of the 90-day deadline. While there are headwinds ahead of us, including corrections of the US markets, we think it may represent a good buying opportunity for the medium to long-term investors.

**CHINAAMC CHINA FOCUS FUND – A SUB-FUND OF CHINAAMC INVESTMENT TRUST**  
**TRUSTEE'S REPORT TO UNITHOLDERS**

We hereby confirm that, in our opinion, China Asset Management (Hong Kong) Limited in all material respects, managed ChinaAMC China Focus Fund – a sub-fund of ChinaAMC Investment Trust in accordance with the provisions of the Trust Deed dated 7 October 2010, as supplemented, amended and restated from time to time , for the year ended 31 December 2018.

For and on behalf of  
Cititrust Limited

Trustee

## **CHINAAMC CHINA FOCUS FUND – A SUB-FUND OF CHINAAMC INVESTMENT TRUST**

### **STATEMENT OF RESPONSIBILITIES OF THE MANAGER AND THE TRUSTEE**

#### *Manager's responsibilities*

China Asset Management (Hong Kong) Limited (the "Manager"), the manager of the ChinaAMC China Focus Fund (the "Sub-Fund"), a sub-fund of ChinaAMC Investment Trust (the "Trust"), is required by the Code on Unit Trusts and Mutual Funds established by the Securities & Futures Commission of Hong Kong (the "SFC Code") and the trust deed dated 7 October 2010, as supplemented, amended and restated from time to time (the "Trust Deed") to prepare financial statements for each annual accounting period which give a true and fair view of the financial position of the Sub-Fund at the end of that period and of the transactions for the year then ended. In preparing these financial statements the Manager is required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are prudent and reasonable; and
- prepare the financial statements on a liquidation basis as the Manager intends to wind up the Sub-Fund by way of a voluntary liquidation.

The Manager is also required to manage the Sub-Fund in accordance with the Trust Deed and take reasonable steps for the prevention and detection of fraud and other irregularities.

The Trust is an umbrella unit trust governed by its Trust Deed. As at 31 December 2018, the Trust has established one sub-fund.

#### *Trustee's responsibilities*

The Trustee of the Sub-Fund is required to:

- ensure that the Sub-Fund is managed by the Manager in accordance with the Trust Deed and that the investment and borrowing powers are complied with;
- satisfy itself that sufficient accounting and other records have been maintained;
- safeguard the property of the Sub-Fund and rights attaching thereto; and
- report to the unitholders for each annual accounting year on the conduct of the Manager in the management of the Sub-Fund.

## ***Independent Auditor's Report***

To the Unitholders of ChinaAMC China Focus Fund (a sub-fund of ChinaAMC Investment Trust)

### **Report on the Audit of the Financial Statements**

#### **Opinion**

##### *What we have audited*

The financial statements of ChinaAMC China Focus Fund (the "Sub-Fund"), a sub-fund of ChinaAMC Investment Trust set out on pages 8 to 31, which comprise:

- the statement of financial position as at 31 December 2018;
- the statement of comprehensive income for the year then ended;
- the statement of changes in net assets attributable to unitholders for the year then ended;
- the statement of cash flows for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies.

##### *Our opinion*

In our opinion, the financial statements give a true and fair view of the financial position of the Sub-Fund as at 31 December 2018, and of its financial transactions and cash flows for the year then ended in accordance with International Financial Reporting Standards ("IFRSs").

---

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

##### *Independence*

We are independent of the Sub-Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code.

---

#### **Other Information**

The Trustee and the Manager (the "Management") of the Sub-Fund are responsible for the other information. The other information comprises all of the information included in the annual report other than the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

---

## ***Independent Auditor's Report (Continued)***

To the Unitholders of ChinaAMC China Focus Fund (a sub-fund of ChinaAMC Investment Trust)

### **Responsibilities of the Management for the Financial Statements**

The Management of the Sub-Fund is responsible for the preparation of the financial statements that give a true and fair view in accordance with IFRSs, and for such internal control as the Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management of the Sub-Fund is responsible for assessing the Sub-Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intends to liquidate the Sub-Fund or to cease operations, or has no realistic alternative but to do so.

In addition, the Management of the Sub-Fund is required to ensure that the financial statements have been properly prepared in accordance with the relevant disclosure provisions of the Trust Deed dated 7 October 2010, as amended ("Trust Deed") and Appendix E of the Code on Unit Trusts and Mutual Funds issued by the Hong Kong Securities and Futures Commission (the "SFC Code").

---

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. In addition, we are required to assess whether the financial statements of the Sub-Fund have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the Trust Deed and the SFC Code.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sub-Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.

## ***Independent Auditor's Report (Continued)***

To the Unitholders of ChinaAMC China Focus Fund (a sub-fund of ChinaAMC Investment Trust)

### **Auditor's Responsibilities for the Audit of the Financial Statements (Continued)**

- Conclude on the appropriateness of the Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Sub-Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Sub-Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

---

### **Report on Matters under the Relevant Disclosure Provisions of the Trust Deed and the SFC Code**

In our opinion, the financial statements have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the Trust Deed and the SFC Code.

## CHINAAMC CHINA FOCUS FUND - A SUB-FUND OF CHINAAMC INVESTMENT TRUST

### NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

*(Expressed in United States dollars, unless otherwise indicated)*

#### 1 General Information

ChinaAMC China Focus Fund (the “Sub-Fund”) is a sub-fund of ChinaAMC Investment Trust (the “Trust”), which is an open-ended unit trust initially established as an exempted trust under the laws of the Cayman Islands pursuant to a trust deed dated 7 October 2010, as amended or supplemented from time to time and restated on 28 July 2017 (the “Trust Deed”), between Citigroup First Investment Management Limited (the “Former Manager”) and Cititrust (Cayman) Limited (the “Former Trustee”). The Former Manager appointed China Asset Management (Hong Kong) Limited as the sub-manager for managing the investment portfolio of the Sub-Fund.

#### Redomicile of the Trust and the Sub-Fund

The Trust was initially established as an exempted trust under the laws of the Cayman Islands. With effect from 28 July 2017, the Trust shall take effect in accordance with the laws of Hong Kong and the laws of Hong Kong shall be the governing law of the Trust.

Pursuant with the supplemental deeds dated 28 July 2017, the Former Manager retired as manager of the Sub-Fund and China Asset Management (Hong Kong) Limited (the “Manager”) was appointed as manager of the Sub-Fund with effect from 28 July 2017. On the same day, the Former Trustee retired as trustee of the Sub-Fund and Cititrust Limited (the “Trustee”) was appointed as trustee of the Sub-Fund.

The Sub-Fund is authorised by the Hong Kong Securities and Futures Commission (the “SFC”) under Section 104 of the Hong Kong Securities and Futures Ordinance, and governed by the Hong Kong Code on Unit Trusts and Mutual Funds (the “Code”) issued by the SFC. The Sub-Fund was authorised by the SFC on 1 November 2010 and the first dealing day was 10 December 2010.

The investment objective of the Sub-Fund is to provide unitholders with long term capital growth through exposure to the equities and equity-related instruments of Mainland China-related companies.

It is expected that approximately 70% to 100% of the Sub-Fund’s portfolio will be invested directly or indirectly in equity securities issued by companies which are listed, or being offered in an initial public offer, on an official stock markets in Hong Kong, Mainland China (A Share and B Share markets), the United States, Singapore and other countries or regions. The Sub-Fund will gain exposure access to the A Share markets by investing in access products and via the Shanghai-Hong Kong Stock Connect and Shenzhen-Hong Kong Stock Connect (the “Stock Connect”).

The custodian and administration functions are delegated to Citibank N.A., Hong Kong Branch (the “Custodian” and the “Administrator”). Citibank N.A., Hong Kong Branch is a related party of the Former Manager, Former Trustee and Trustee.

#### 2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

##### (a) Basis of preparation

The financial statements of the Sub-Fund have been prepared in accordance with International Financial Reporting Standards (“IFRS”). The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets (including derivative financial instruments) at fair value through profit or loss.

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires the Manager’s and the Trustee’s (collectively the “Management”) exercise of judgment in the process of applying the Sub-Fund’s accounting policies.

All references to “net assets” or “net asset value” throughout these financial statements refer to net assets attributable to unitholders unless otherwise stated.

##### New standards, amendments and interpretations that are effective and have been adopted by the Sub-Fund

IFRS 9 ‘Financial Instruments’ became effective for annual periods beginning on or after 1 January 2018. It addresses the classification, measurement and derecognition of financial assets and liabilities and replaces the multiple classification and measurement models in IAS 39.

Classification and measurement of debt assets is driven by the entity’s business model for managing the financial assets and the contractual cash flow characteristics of the financial assets. A debt instrument is measured at amortised cost if the objective of the business model is to hold the financial asset for the collection of the contractual cash flows and the contractual cash flows under the instrument solely represent payments of principal and interest (SPPI). A debt instrument is measured at fair value through other comprehensive income if the objective of the business model is to hold the financial asset both to collect contractual cash flows from SPPI and to sell. All other debt instruments must be recognised at fair value through profit or loss. An entity may however, at initial recognition, irrevocably designate a financial asset as measured at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency. Derivative and equity instruments are measured at fair value through profit or loss unless, for equity instruments not held for trading, an irrevocable option is taken to measure at fair value through other comprehensive income. IFRS 9 also introduces a new expected credit loss (ECL) impairment model.

IFRS 9 has been applied retrospectively by the Sub-Fund and did not result in a change to the classification or measurement of financial instruments as outlined in note 2(c). The Sub-Fund’s investment portfolio continues to be classified as fair value through profit or loss and other financial assets which are held for collection continue to be measured at amortised cost. There was no material impact on adoption from the application of the new impairment model.

There are no other standards, amendments to standards or interpretations that are effective for annual periods beginning on 1 January 2018 that have a material effect on the financial statements of the Sub-Fund.

### NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

*(Expressed in United States dollars, unless otherwise indicated)*

#### **2 Summary of significant accounting policies (Continued)**

##### **(a) Basis of preparation (Continued)**

New standards, amendments and interpretations that are not yet effective and have not been early adopted by the Sub-Fund

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 January 2018, and have not been early adopted in preparing these financial statements. None of these are expected to have a material effect on the financial statements of the Sub-Fund.

##### **(b) Foreign currency translation**

###### **(i) Functional and presentation currency**

The subscriptions and redemptions of the units of the Sub-Fund are denominated in United States dollars ("USD"). The performance of the Sub-Fund is measured and reported to unitholders in USD. Management considers the USD as the currency that most faithfully represents the economic effects of the underlying transactions, events and conditions. The financial statements are presented in USD, which is the Sub-Fund's functional and presentation currency.

###### **(ii) Transactions and balances**

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign currency assets and liabilities are translated into the functional currency using the exchange rate prevailing at the financial position date.

Foreign exchange gains and losses arising from translation are included in the statement of comprehensive income.

Foreign exchange gains and losses relating to cash and cash equivalents is presented in the statement of comprehensive income within "net foreign exchange loss".

Foreign exchange gains and losses relating to the financial assets carried at fair value through profit or loss are presented in the statement of comprehensive income within "net (loss)/gain on financial assets at fair value through profit or loss".

## CHINAAMC CHINA FOCUS FUND - A SUB-FUND OF CHINAAMC INVESTMENT TRUST

### NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

*(Expressed in United States dollars, unless otherwise indicated)*

#### 2 Summary of significant accounting policies (Continued)

##### (c) Financial assets at fair value through profit or loss

###### (i) Classification

The Sub-Fund classifies its investments based on both the Sub-Fund's business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Sub-Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. The Sub-Fund has not taken the option to irrevocably designate any equity securities as fair value through other comprehensive income. The contractual cash flows of the Sub-Fund's debt securities are solely principal and interest, however, these securities are neither held for the purpose of collecting contractual cash flows nor held both for collecting contractual cash flows and for sale. The collection of contractual cash flows is only incidental to achieving the Sub-Fund's business model's objective. Consequently, all investments are measured at fair value through profit or loss.

###### (ii) Recognition, derecognition and measurement

Regular purchases and sales of investments are recognised on the trade date – the date on which the Sub-Fund commits to purchase or sell the investment. Financial assets at fair value through profit or loss are initially recognised at fair value.

Transaction costs are expensed as incurred in the statement of comprehensive income.

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or the Sub-Fund has transferred substantially all risks and rewards of ownership.

Subsequent to initial recognition, all financial assets at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of financial assets at fair value through profit or loss are presented in the statement of comprehensive income within net (loss)/gain on financial assets at fair value through profit or loss in the year in which they arise.

###### (iii) Fair value estimation

The fair value of financial instruments traded in active markets (such as publicly traded derivatives and trading securities) is based on quoted market prices at the date of the statement of financial position. The quoted market price used for financial assets and financial liabilities held by the Sub-Fund is the last traded market price where the last traded price falls within the bid-ask spread. In circumstances where the last traded price is not within the bid-ask spread, management will determine the point within the bid-ask spread that is most representative of fair value.

##### **(c) Financial assets at fair value through profit or loss (Continued)**

###### **(iii) Fair value estimation (Continued)**

The fair value of financial assets that are not traded in an active market (for example, over-the-counter derivatives) is determined by using valuation techniques. The Sub-Fund uses a variety of methods and makes assumptions that are based on market conditions existing at each reporting date. Valuation techniques used include the use of comparable recent arm's length transactions, reference to other instruments that are substantially the same, discounted cash flow analysis, option pricing models and other valuation techniques commonly used by market participants making the maximum use of market inputs and relying as little as possible on entity-specific inputs.

The Sub-Fund recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

##### **(d) Offsetting financial instruments**

Financial assets and liabilities are offset and the net amount is reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

##### **(e) Cash and cash equivalents**

Cash and cash equivalents comprise deposits with banks. Cash equivalents are short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition.

##### **(f) Revenue recognition**

- (i) Interest income is recognised in profit or loss using the effective interest rate method.
- (ii) Dividend income from listed investments is recognised when the share price of the investment goes ex-dividend. Dividend income from unlisted investments is recognised when the shareholder's right to receive payment is established.

##### **(g) Expenses**

All expenses of the Sub-Fund are recognised in profit or loss on an accrual basis.

#### **2 Summary of significant accounting policies (Continued)**

##### **(h) Taxation**

Taxation comprises current tax and movements in deferred tax assets and liabilities. Current tax and movements in deferred tax assets and liabilities are recognised in profit or loss.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous periods. Current tax also includes withholding taxes on investment income and capital gains.

Deferred tax assets and liabilities arise from deductible and taxable temporary differences respectively, being the differences between the carrying amounts of assets and liabilities for financial reporting purposes and their tax bases. Deferred tax assets also arise from unused tax losses and unused tax credits.

Apart from certain limited exceptions, all deferred tax liabilities, and all deferred tax assets to the extent that is probable that future taxable profits will be available against which the asset can be utilised, are recognised.

##### **(i) Net gain or loss on financial assets at fair value through profit or loss**

Net gain or loss on financial assets at fair value through profit or loss includes all realised and unrealised fair value changes and foreign exchange differences, but exclude interest and dividend income.

##### **(j) Units in issue**

The Sub-Fund has multiple classes of redeemable units in issue. All the classes are the most subordinate classes of financial instruments in the Sub-Fund and rank pari passu in all material respects and have the same terms and conditions other than that different classes of unit are denominated in different currencies. The redeemable units provide unitholders with the right to require redemption for cash at a value proportionate to the unitholders' share in the net assets of the applicable class of units of the Sub-Fund at the redemption date, and also in the event of the Sub-Fund's liquidation.

The redeemable units of the Sub-Fund are classified as financial liabilities and are measured at the present value of the redemption amounts.

##### (ii) PRC

The Manager and the Trustee intend to manage and operate the Sub-Fund in such a manner that the Sub-Fund should not be treated as a tax resident enterprise of the PRC or a non-tax resident enterprise with an establishment or place of business in the PRC for Corporate Income Tax ("CIT") purposes. As such, it is expected that the Sub-Fund should not be subject to CIT on an assessment basis and would only be subject to CIT on a withholding basis to the extent the Sub-Fund directly derives PRC sourced income.

Under the current general provision of the PRC Corporate Income Tax Law and published tax circulars, foreign corporate investors would be subject to PRC withholding tax at the rate of 10% in respect of certain types of their PRC sourced income earned, such as capital gains, dividend income and interest income.

On 14 November 2014, The Ministry of Finance (the "MoF"), the State Administration of Taxation (the "SAT") and the China Securities Regulatory Commission (the "CSRC") promulgated the "Notice on the temporary exemption of Corporate Income Tax on capital gains derived from the transfer of PRC equity investment assets such as PRC domestic stocks by QFII and Renminbi Qualified Foreign Institutional Investors ("RQFII")" (the "Notice No. 79"). According to the Notice No. 79, (i) CIT is imposed on capital gains derived by QFII and RQFII from the transfer of PRC equity investment assets including China A Shares prior to 17 November 2014 in accordance with laws; and (ii) QFII and RQFII without an establishment or place of business in the PRC is temporarily exempt from CIT on capital gains derived from the transfer of PRC equity investment assets including China A Shares effective from 17 November 2014.

The "Notice on the tax policies related to the pilot program of the Shanghai-Hong Kong Stock Connect" (the "Notice No. 81") promulgated by the MoF, the SAT and the CSRC states that CIT is temporarily exempted on capital gains derived by Hong Kong and overseas investors including the Sub-Fund on the trading of China A Shares through the Stock Connect.

It should be noted that both Notice No. 79 and Notice No. 81 state that the exemptions are temporary only and when the PRC authorities announce the expiration of such exemptions, the AP Issuers and the Sub-Fund may need to recommence provisioning for future potential tax liabilities.

No PRC withholding tax provision had been made on any China A Shares or China A Share access products since 17 November 2014.

#### 6 Soft commission

The Manager and its connected persons have not received any soft dollar commissions or entered into any soft dollar arrangements in respect of the management of the Sub-Fund for the years ended 31 December 2018 and 31 December 2017. The Manager and its connected persons have not retained any cash rebates from any broker or dealer.

#### 7 Related party transactions

The following is a summary of significant related party transactions or transactions entered into during the year between the Sub-Fund and the Trustee and its related parties, the Manager and its connected persons ("Connected Persons"). Connected Persons are those as defined in the Code issued by the SFC. All transactions during the year between the Sub-Fund and the Manager and its Connected Persons were entered into in the ordinary course of business and under normal commercial terms. To the best of the knowledge of the Trustee and the Manager, the Sub-Fund did not have any other transactions with Connected Persons except for those disclosed below.

##### (a) Management fee

The fee payable to the Manager (Prior to 28 July 2017: Former Manager) is calculated at 1.8% (2017: 1.8%) per annum of the net asset value of the Sub-Fund. It is accrued daily and payable monthly in arrears. The management fee charged for the year and the amount payable by the Sub-Fund as at 31 December 2018 amounted to \$662,452 (2017: \$1,357,490) and \$127,538 (2017: \$860,216) respectively.

##### **(b) Performance fee**

The Manager (Prior to 28 July 2017: Former Manager) is entitled to a performance fee. The performance fee is calculated accrued on each valuation day (i.e. daily basis) and will be payable at the last valuation day of the financial year. The performance fee in respect of each unit will be equal to 10% (2017: 10%) of the appreciation in the net asset value per unit during the year above the highest net asset value per share at the last day in any previous financial year end in which the performance fee was paid for the relevant class.

The performance fee charged for the year ended 31 December 2018 and the amount payable by the Sub-Fund as at 31 December 2018 amounted to \$111,798 (2017: \$795,868) and \$111,798 (2017: \$795,868) respectively.

##### **(c) Administration fee**

The fee payable to the Administrator is calculated at 0.075% per annum of the net asset value of the Sub-Fund, subject to a minimum fixed fee of \$5,500 per month. It is accrued daily and payable monthly in arrears. The administration fee charged for the year and the amount payable by the Sub-Fund as at 31 December 2018 amounted to \$67,823 (2017: \$65,977) and \$22,060 (2017: \$5,605) respectively.

##### **(d) Trustee fee**

The fee payable to the Trustee (Prior to 28 July 2017: Former Trustee) is \$10,000 per annum. It is accrued daily and payable in arrears on a monthly basis. The trustee fee charged for the year and the amount payable by the Sub-Fund as at 31 December 2018 amounted to \$10,059 (2017: \$9,989) and \$3,397 (2017: \$1,671) respectively.

##### **(e) Custodian fee**

The fee payable to the Custodian is calculated at 0.03% per annum of the net asset value of the Sub-Fund. It is accrued daily and payable in arrears on a monthly basis. The custodian fee charged for the year and the amount payable by the Sub-Fund as at 31 December 2018 amounted to \$22,557 (2017: \$38,144) and \$2,852 (2017: \$3,157) respectively.

##### **(f) Financial statements preparation fee**

The Administrator is entitled to a financial statements preparation fee of \$7,000 per annum. The financial statements preparation fee charged for the year and the amount payable by the Sub-Fund as at 31 December 2018 amounted to \$11,000 (2017: \$11,230) and \$12,916 (2017: \$8,915) respectively.

##### (g) Cash and cash equivalents

All bank balances of the Sub-Fund are held in interest bearing accounts with Citibank N.A., Hong Kong Branch. As at 31 December 2018, the balances amounted to \$5,521,329 (2017: \$18,383,586). During the year, the interest earned from these bank balances and the bank charges amounted to \$6,653 (2017: \$4,991) and \$93 (2017: \$41) respectively.

##### (h) Transaction costs

In the purchase and sales of investments, the Sub-Fund utilises the brokerage services of fellow subsidiaries of the Trustee. Details of the transactions effected through these entities are as follows:

	2018	2017
Commission paid for the year	\$ 65,134	\$ 456,237
Average rate of commission	0.28%	0.46%

The Trust and the Sub-Fund do not have any externally imposed capital requirements. As at 31 December 2018, the Sub-Fund had net assets attributable to unitholders of \$32,771,933 (2017: \$48,424,977). The Sub-Fund strives to invest funds received from the issuance of redeemable units in investments that meet the Sub-Fund's investment objectives while maintaining sufficient liquidity to meet the funding needs when unitholders redeem their units.

The Manager may from time to time permit unitholders to convert some or all of their units of any Class into units of any other Class whether in respect of the Sub-Fund or any other sub-funds of the Trust which have been authorised by the SFC.

##### (b) Distributions

The Sub-Fund does not intend to pay dividends or other distributions for the current year.

#### 9 Financial instruments and associated risks

The Sub-Fund's investing activities expose it to various types of risk that are associated with the financial instruments and markets in which it invests according to the investment strategy. The risks that the Sub-Fund is exposed to are market risk, credit risk and liquidity risk. Market risk includes price risk, interest rate risk and currency risk.

The Sub-Fund maintains an investment portfolio in a variety of listed equity securities and China A Share access products as dictated by its investment management strategy.

The nature and extent of the financial instruments outstanding at the end of the reporting period and the risk management policies employed by the Sub-Fund are discussed below.

### NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2018

*(Expressed in United States dollars, unless otherwise indicated)*

#### 9 Financial instruments and associated risks (Continued)

##### (a) Market risk

All investments held by the Sub-Fund are measured at fair value through profit or loss, and all changes in market conditions directly affect profit or loss. Market risk is the risk that the value of the investments will fluctuate as a result of changes in prices, interest rates or exchange rates.

##### (i) Price risk

Price risk is the risk that value of the instrument will fluctuate as a result of changes in market prices, whether caused by factors specific to an individual investment, its issuer or all factors affecting all instruments traded in the market.

The Sub-Fund is exposed to price risk arising from changes in market price of listed equity securities.

The following table shows the net market exposure of the Sub-Fund by industry:

By industry	2018 % investment portfolio	2017 % investment Portfolio
Communication	10.97	-
Consumer	26.14	24.07
Energy	5.21	2.30
Financials	18.04	19.51
Health care	7.05	12.08

Materials	4.10	4.86
Real estate	14.16	4.83
Others	4.32	2.06
	<u>100.00</u>	<u>100.00</u>

As at 31 December 2018 and 2017, the Sub-Fund had no investment which was larger than 10% of the Sub-Fund's net asset value.

The Sub-Fund's market price is managed through diversification of the investment portfolio as well as investing in securities with strong fundamentals. The table below summarises the overall market exposures of the Sub-Fund and the impact of increases/decreases from the Sub-Fund's financial assets at fair value through profit or loss on the Sub-Fund's net asset value as at 31 December 2018 and 31 December 2017. The analysis is based on the assumption that the underlying investments in equity securities increased/decreased by a reasonable possible shift, with all other variables held constant.

However, this does not represent a prediction of the future movement in the corresponding key markets.

	Carrying value of financial assets at fair value through profit or loss	% of net assets %	Shift in underlying securities increase/ (decrease) %	Estimated possible change in net asset value increase/ (decrease)
31 December 2018				
Financial assets at fair value through profit or loss	26,495,178	78	5 (5)	1,324,759 (1,324,759)
31 December 2017				
Financial assets at fair value through profit or loss	48,848,715	101	5 (5)	2,442,436 (2,442,436)

The directors have used their view of what would be a “reasonable shift” in each key market to estimate the impact in the market sensitivity analysis above.

**(ii) Interest rate risk**

Interest rate risk arises from the possibility that changes in interest rates will affect the future cash flows or the fair value of financial instruments and therefore result in a potential gain or loss to the Sub-Fund. Except for bank deposits, all the financial assets and liabilities of the Sub-Fund is non-interest bearing. As a result, the Sub-Fund has limited exposure to interest rate risk.

#### 9 Financial instruments and associated risks (Continued)

##### (a) Market risk (Continued)

##### (iii) Currency risk

The Sub-Fund may invest in financial instruments and enter into transactions that are denominated in currencies other than its functional currency. Consequently, the Sub-Fund is exposed to risks that the exchange rate of its functional currency relative to other foreign currencies may change in a manner that has an adverse effect on the fair value of that portion of the Sub-Fund's financial assets or liabilities denominated in currencies other than USD. The Manager monitors the Sub-Fund's foreign currency exposures on an ongoing basis.

##### *Currency sensitivity*

As at the reporting date, had the USD weakened by 5% in relation to respective currencies, with all other variables held constant, net assets attributable to unitholders and total comprehensive income for the year would have increased by the amounts shown below.

<i>Currencies</i>	<i>2018</i>		<i>2017</i>	
	<i>Net exposure</i>	<i>Change in net assets attributable to unitholders if USD weakened by 5%</i>	<i>Net exposure</i>	<i>Change in net assets attributable to unitholders if USD weakened by 5%</i>
Australian Dollars	\$ 151	\$ 8	\$ 262	\$ 13
British Pounds	560	28	749	37
Chinese Yuan	30,201	1,510	8,901,198	445,060

<b>Total</b>	<b>\$ 30,916</b>	<b>\$ 1,546</b>	<b>\$ 8,902,387</b>	<b>\$ 445,119</b>

A 5% strengthening of the USD against the above currencies would have resulted in an equal but opposite effect on the financial statements, on the basis that all other variables remain constant.

The net exposure in Hong Kong dollars ("HKD") as at 31 December 2018 was \$5,471,781 (2017: \$34,240,533). As the HKD is pegged to the USD, the Sub-Fund does not expect any significant movement in USD/HKD exchange rate.

##### (b) Credit risk

Credit risk is the risk that a counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Sub-Fund. The Sub-Fund's exposure to credit risk is monitored by the Manager on an ongoing basis. The carrying amounts of financial assets best represent the maximum credit risk exposure at the reporting date. This relates to financial assets carried at amortised cost, as they have short term to maturity.

The Sub-Fund applies the IFRS 9 general model for the subscription receivable to measure the expected credit losses. The identified impairment loss was immaterial as the history of defaults from subscription receivables are minimal.

All the Sub-Fund's cash and cash equivalents are held in major financial institutions located in Hong Kong, which the Sub-Fund believes are of high credit quality. The Directors considers that the Sub-Fund does not have a significant concentration of credit risk.

Cash and cash equivalents and subscription receivable are subject to the impairment requirements of IFRS 9, the identified impairment loss was immaterial.

The Manager mitigates the counterparty risk associated with the Sub-Fund by putting in place appropriate counterparty risk management procedures. The Manager monitors the credit rating of the brokers on an ongoing basis.

The table below sets out the net exposure of the Sub-Fund to counterparties as at 31 December 2018 and 31 December 2017 together with their credit ratings provided by Standard & Poor's rating services:

##### (c) Liquidity risk

Liquidity risk arises from the risk that the Manager may not be able to convert investments into cash to meet liquidity needs in a timely manner. As unitholders may realise units on any Dealing Day, the Sub-Fund is exposed to liquidity risk of meeting unitholder redemptions.

As at 31 December 2018 and 31 December 2017, the Sub-Fund's investments in listed equity investments are considered to be readily realisable because they are traded on major stock exchanges.

**10 Fair value information**

**(a) Financial instruments carried at fair value**

The following table presents the fair value of the Sub-Fund's financial instruments measured at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in IFRS 13, *Fair value measurement*. The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair value measured using only Level 1 inputs i.e. unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date
- Level 2 valuations: Fair value measured using Level 2 inputs i.e. observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available
- Level 3 valuations: Fair value measured using significant unobservable inputs

**10 Fair value information (Continued)**

**(a) Financial instruments carried at fair value (Continued)**

The fair value of suspended financial instruments is valued based on valuation techniques as set out in note 2(c)(iii). The objective of valuation techniques is to arrive at a fair value measurement that reflects the price that would be received to sell the asset or paid to transfer the liability in an orderly transaction between market participants at the measurement date.

As at 31 December 2018 and 31 December 2017, there were no unrealised gain/(loss) recorded in the statement of financial position in respect of the Level 3 investments.

**(b) Fair values of financial instruments carried at other than fair value**

The financial instruments not measured at fair value through profit or loss is short-term financial assets and financial liabilities whose carrying amounts approximate fair value.

As at 31 December 2018 and 2017, cash and cash equivalents, subscription receivable, amounts due to brokers, redemption payable, accruals and other payables and net assets attributable to unitholders were classified as Level 2.
